---

Eric -

I will be at a previously scheduled out-of-town meeting, and will not be able to attend the meeting with the LWG. Dana can handle the HH questions.

- Mike

Subject: Round 3B Data Gaps Meeting

As we discussed at last week's TCT, our data gaps meeting is scheduled for Thursday, June 14, 2007. The meeting date was agreed upon at our last managers meeting. The meeting will take place at Ater Wynne between 10 and 3. I believe we will be in one of the rooms on the 18th floor but this has not been confirmed. I assume the LWG call-in number will be available.

The purpose of the meeting is to go over our Round 3B data gap comments with the LWG, answer any questions they may have and chart a path forward for filling the data gaps considering the significant time constraints we are under. The LWG's expectation was that was going to be in "a small group setting." On the LWG side, the following people will be attending: Rick Applegate, Jim McKenna, Bob Wyatt, John Toll, Laura Kennedy and Gene Revelas. I am requesting that on the government team, we limit the meeting to members of the management team (you know who you are) and select technical staff. I think this will be less a technical meeting than a management team meeting with technical support.

Please let me know if you will be attending in person or by phone so I can get a head count.

Thanks, Eric
